

# When Only The Best Will Do

## The Elite Series

SECO-LARM's new Elite Series of long-range day/night CCTV bullet cameras pack everything your customers need from high-end cameras into a compact package that must be seen to be believed.

Other models in the Elite Series include a varifocal 4-9mm version with range up to 100 feet.

Once your customers try SECO-LARM's new Elite Series of long-range day/night CCTV bullet cameras, it's hard to imagine them wanting any other.

Everything about these cameras lets your customers know they are protected by the very best in CCTV technology:

- 15 Hi-Intensity IR LEDs for range of up to 250 feet.
- 1/3" Sony Super HAD CCD.
- 550 TV Lines for high resolution.
- 0.1 Lux with LEDs off.
- DC auto iris varifocal 5-50mm lens.
- Split-glass design to stop IR reflection.
- Concealed cabling through the camera mount for clean installs.
- Weatherproof IP66 for outdoor use.
- Dual-voltage: 12VDC or 24VAC.
