

SECO-LARM introduces Rugged Outdoor Illuminated Keypads

plus much more

Individual keys are backlit. Entire keypad illuminated for easy nighttime use.

Unique faceplate hinge allows for easy installation.

SECO-LARM is proud to introduce the SK-3023-SQ Outdoor Keypad. Rugged and weatherproof, this stand-alone keypad has the features your customers demand.

- 500 user codes, 2-8 digits
- All features are programmable from the keypad
- Rugged stainless-steel construction
- Over 100 million code combinations
- Two 5-Amp relays
- 12-24 VDC/VAC
- Built-in Tamper Switch
- Door-forced-open and door-propped-open outputs
- Operates fail-safe or fail-secure locking devices
