

Illuminated Power Connectors

CA-1610-3FLQ DC Plug with LED and 3' Wire

CA-1510-3FLQ DC Jack with LED and 3' Wire

CA-1615-06LQ DC Jack to DC Plug with LED and 6" Wire

CA-161T-02SLQ DC Plug to Terminal Block, Snap-In, LED, 2.5' Wire

CA-151T-02SLQ DC Jack to Terminal Block, Snap-In, LED, 2.5' Wire

DC Plug with LED and 3' Wire

CA-1610-3FLQ

DC Jack with LED and 3' Wire

CA-1510-3FLQ

DC Jack to DC Plug with LED and 6" Wire

CA-1615-06LQ

DC Plug to Terminal Block, Snap-In, LED, 2.5" wire. CA-161T-02SLQ

DC Jack to Terminal Block, Snap-In, LED, 2.5" wire. CA-151T-02SLQ

SECO-LARM's Illuminated Power Connectors make troubleshooting CCTV or other 12VDC or 24VAC equipment easy. A quick glance at the built-in multi-colored LED prevents damage to the equipment by warning of incorrect voltage or polarity. Available as either a plug or a jack, the Illuminated Power Connectors are perfect for nearly every installation, including CCTV, access control, or any other low voltage (5~30 VAC/VDC) device.

- Simplifies installation of any CCTV, Access control, or security application.
- Eases troubleshooting, check at a glance if there is power.
- Check for low voltage AC/DC before connecting your device:
 - Correct DC Polarity - **Blue**
 - Incorrect DC Polarity - **Red**
 - AC Voltage - **Purple**
- Safety: Illumination glows from all directions to indicate voltage.
- Saves money and time: Test power before connecting equipment.
- 5 ~ 30 VAC/VDC range.
- LED shines more brightly as voltage increases.

Applications:

- Portable and versatile test light.
- Permanent power indicator.
- Check for voltage and polarity of CCTV and access control installations.
- Check power supply voltage.
- Check polarity of UTP wires with power.
