SECO-LARM 12VDC PLUG-IN POWER SUPPLIES FIT A WIDE RANGE OF SECURITY APPLICATIONS

**Use for CCTV, access control, and security devices,
or wherever 12VDC power is required.**

IRVINE, CALIF., December 15, 2003 -SECO-LARM U.S.A, Inc. is now offering a series of low-cost 12VDC plug-in power supplies to provide power to a wide range of CCTV, access control, and security products.

These direct plug-in power supplies convert 120VAC/60Hz main power into 12VDC power, and come in three models. The ST-1212-R0.3A supplies a regulated output of 300mA. The ST-1212-R0.5A supplies a regulated output of 500mA. And the ST-1212-U0.5A supplies an unregulated output of 500mA.

All three models come in an easy-to-install, miniature case measuring only 2-3/4" x 2" x 1-1/2" (70 x 52 x 39 mm), and include a 6-foot cord with a positive center coax plug. The case and cord are black. The power supplies are UL- and ULC-approved, and ship in individually-labeled red boxes.

The new 12VDC power supplies are currently shipping to authorized SECO-LARM customers.

The ST-1212-R0.3A, ST-1212-R0.5A and ST-1212-U0.5A are just three of SECO-LARM's wide selection of alarms and accessories for the security and electronics industries. For more information about the plug-in power supply series or any of SECO-LARM's full line of residential and commercial security systems and accessories, or to request our latest catalog, please contact the SECO-LARM Sales Department (949) 261-2999 (California), fax (949) 261-7326 or (800) 662-0800, or visit us on the Web at seco-larm.com.
