## **SECO-LARM Introduces the New and Improved ENFORCER BNC to VGA Converter (VC-1BAQ)**

IRVINE, CALIF., September 19, 2011. SECO-LARM now has available for immediate shipment the new and improved ENFORCER BNC to VGA converter (VC-1BAQ), which now includes a VESA-mount bracket.

The new VESA-mount bracket makes it even easier to turn most LCD monitors into a security monitor, by allowing the unit to install to the VESA mount found on most LCD monitors.

The compact unit has an active plug-and-play operation, with an on-screen display to adjust color, contrast, tint, and brightness for a crisper, more perfect picture. The unit also automatically detects NTSC or PAL and retains all settings in the event of a power failure.

About SECO-LARM:

SECO-LARM U.S.A., Inc. is a leading manufacturer of residential, commercial, and vehicle security products. Since 1971, SECO-LARM has provided customers reliable security and video and audio products through a worldwide network of authorized dealers and distributors.
