Now Available: SECO-LARM's Color Vandal Resistant Bullet Camera with special anti-condensation coating

Provides attractive, unobtrusive protection in almost any environment for any vehicle, indoor or outdoor installation.

IRVINE, CALIF., November 29, 2004 - SECO-LARM U.S.A, Inc. is now offering a Color Bullet CCTV Camera to securely monitor the tightest spaces under a wide range of illumination and environmental conditions. SECO-LARM's Color Bullet Camera provides a clear picture with good resolution at a low 0.1 lux. This camera is protected from vandalism by a concealed wiring, and has a special coating to prevent condensation in order to extend the camera's life and ensure clear picture quality.

The new bullet camera is small - only 3¹/₁₆" by 7⁷/₈" - and easy to install, with an adjustable sunscreen. Features include a Sony 1/3" CCD chip with 380 TV lines of resolution, Auto Electronic Shutter (AES), Auto Gain Control (AGC), Back Light Compensation, vertical aperture correction for video enhancement, and Auto White Balance.

Mounted at any angle on any flat ceiling to satisfy a wide range of automotive and indoor/outdoor security needs, use these cameras for back-up vision where your mirror can't reach, or to keep an eye on a child or pet in the rear area of your RV, or to watch your yard or office.

The camera comes with a fixed 3.6mm lens, and has auto electronic shutter (AES) control from 1/60-second to 1/100,000-second. The signal-to-noise (S/N) ration is greater than 48dB. It uses 12VDC, and consumes only 150mA.

The new color bullet camera is currently shipping to authorized SECO-LARM distributors and dealers.

This color bullet camera is just a one of SECO-LARM's wide selection of security equipment and accessories for the security and electronics industries. For more information about the IR color dome camera, or on SECO-LARM's complete lines of video security systems and accessories, or to request our latest catalog, please contact:
