## **SECO-LARM ANNOUNCES NEW 80-POUND ELECTROMAGNETIC LOCK**

**New Lock Offers Complete Protection for small, low security doors, including cabinets and drawers.**

IRVINE, CALIF., May 5, 2006 - SECO-LARM U.S.A, Inc. will soon have available the E-941SA-80 miniature electromagnetic lock as part of a complete line of access control devices.

The E-941SA-80 measures a mere  $2\frac{3}{4} \times \frac{3}{4} \times 1\frac{3}{16}$ ". It is designed for use in cabinets and drawers. It also features dual-voltage - 12VDC or 24VDC - operation, and has an 80-pound (36kg.) holding force.

In addition to its small size, the lock features a handsome design. It comes with 36-inch wire leads and a removable bracket for easy installation.

SECO-LARM offers a complete line of electromagnetic locks, including the E-941SA-300 with a 300-pound (136kg) holding force, the E-941SA-600 with a 600-pound (272kg) holding force, and the E-941SA-1200 with a 1,200-pound (545kg) holding force. All four models offer an anodized aluminum housing, MOV surge protection, and no residual magnetism.

The **E-941SA-80** is just one of **SECO-LARM's** wide selection of alarms and accessories for the security and electronics industries. For more information about the **E-941SA series** or any of **SECO-LARM's** full line of residential and commercial security systems and accessories, or to request our latest catalog, please contact the **SECO-LARM** Sales Department (949) 261-2999 (California), fax (949) 261-7326 or (800) 662-0800, or visit us on the Web at **[seco-larm.com](http://seco-larm.com)**.
