SECO-LARM'S NEW 600 POUND ELECTROMAGNETIC GATE LOCK OFFERS COMPLETE SECURITY FOR NEARLY ANY ENVIRONMENT

Water-resistant, vandal-resistant gate lock with 600 pounds (272kg) of holding force forms the basis for a strong perimeter defence

IRVINE, CALIF., April 26, 2005 - SECO-LARM U.S.A, Inc. just released the Enforcer 942FC-600 weatherproof electromagnet gate lock.

The E-942FC-600 protects all types of gates, whether indoor or outdoor, or sliding or swinging, with 600 pounds (272kg) of holding force.

The lock features a maintenance-free, factory-sealed design which is water-resistant and vandal-resistant to ensure complete, reliable protection under the widest variety of environmental and security conditions.

For installers, the E-942FC-600 has a simple, four-wire hookup for 12VDC or 24VDC. The 6-1/2-foot cable comes out of a standard dual-threaded conduit fitting with a 3/4-inch outside diameter and 1/2-inch inside diameter for an attractive and secure installation. Optional "L" and "Z" brackets allow mounting on nearly any type of gate. Current draw is only 500mA at 12VDC or 250mA at 24VDC.

The E-942FC-600 is SECO-LARM's latest addition to its line of electromagnetic locks, which include the E-941SA-1200 (1200lb. holding force), E-941SA-600 (600lb. holding force), E-941SA-300 (300lb. holding force), and E-941SA-80 (80lb. holding force) electromagnetic locks for indoor use, as well as the E-942FC-1300 Weatherproof gatelock.

The **E-942FC-600** is just one of **SECO-LARM's** wide selection of alarms and accessories for the security and electronics industries. For more information about the **ENFORCER electromagnetic lock series** or any of **SECO-LARM's** full line of residential and commercial security systems and accessories, or to request our latest catalog, please contact the **SECO-LARM Sales Department** (949) 261-2999 (California), fax (949) 261-7326 or (800) 662-0800, or visit us on the Web at **seco-larm.com**.
