SECO-LARM Now Has Available 3-In-1 Factory Keyless Entry Upgrade Alarm System

IRVINE, CALIF., Feb. 19, 2003 - SECO-LARM U.S.A, Inc. is now shipping the versatile SLI 820R -- a 3-in-1 system which is designed to function as: (1) a keyless entry upgrade (to provide security functions to the vehicle's existing keyless entry system); (2) a complete alarm system where all alarm functions (including 2nd channel "trunk pop" and panic) can be controlled by the factory remote; (3) a complete alarm system which can be controlled by both SECO-LARM's 4-button RF remote controls as well as the factory RF remote controls.

Additional features of the SLI 820R include built-in parking light relay, dual-stage shock sensor, high-intensity, multi-tone siren (with horn honk output), door lock inputs and door lock outputs, a multi-function LED, starter disable output and socket, plus much, much, more.

The 3-in-1 versatility and the wide range of outstanding features makes the SLI 820R the perfect security device for keyless entry upgrades as well as situations where an RF remote controlled alarm system is needed.

The SLI 820R is just one of SECO-LARM's wide selection of alarms and accessories for the vehicle security industry. For more information about the SLI 820R or any of SECO-LARM's full line of security systems and accessories, or to request our latest catalog, please contact the SECO-LARM Sales Department (949) 261-2999 (California), fax (949) 261-7326 or (800) 662-0800, or visit us on the Web at seco-larm.com.
