## **SECO-LARM Introduces the New EV-2606-NJEQ and EV-2605-NKEQ Vandal- Resistant Dome Color Cameras**

IRVINE, CALIF., July 10, 2008 - SECO-LARM is now shipping the ENFORCER EV-2606-NJEQ and EV-2605-NKEQ Vandal-Resistant Dome Color Cameras. Both Cameras combine many outstanding features into a single, yet powerful protection package.

The EV-2606-NJEQ and EV-2605-NKEQ Cameras are surface or flush mountable and feature a CDS sensor-controlled mechanical IR cut filter (ICR), varifocal lens, and 360° triple-axis rotation. Captured video is crisp and in high-resolution thanks to a 1/3" Sony Super HAD CCD and 550 TV lines.

The vandal-resistant and weatherproof (IP66) design and dual voltage (12VDC or 24VAC) make the cameras suitable for mounting nearly anywhere. Other features include: built-in iris control adjustment, easy adjustment of zoom and focus, a service monitor port, and DIP switch control for day/night time delay, flickerless, BLC, and white balance.

The Cameras are identical except the EV-2606-NJEQ features a 3.8~9.5mm varifocal lens and 36 IR LEDs, and the EV-2605-NKEQ features a 2.8~11.0mm varifocal lens and no IR LEDs.
