## **SECO-LARM is currently shipping its new 4-Port PCI Passive Video Balun Hub Card and 4-Port PCI Power Distribution Card.**

SECO-LARM is currently shipping its new 4-Port PCI Passive Video Balun Hub Card and 4-Port PCI Power Distribution Card.

The models are:

- EVT-PC4-VT2Q - 4-Port PCI Passive Video Balun Hub Card
- EVT-PC4P-JTQ - 4-Port PCI Power Distributor Card
- EVT-PC4KQ - Complete set. Includes EVT-PC4-VT2Q and EVT-PC4P-JTQ

The ENFORCER 4-Port PCI Video Balun Card is the fast, easy, low-cost way to transmit CCTV video to DVRs over low-cost CAT5 UTP cable. This unique product is specifically designed for PC-based DVR cards. Eliminates the need to install individual video baluns on the DVR card where space is limited. This PCI Card is designed to clean up and organize video and power distribution from a PC-based DVR.

Additional outstanding features include:

EVT-PC4-VT2Q Features:

- Connects up to 4 CCTV cameras (per PCI card) to a central location using low-cost CAT 5 UTP cable.
- Simplifies and organizes PC-based DVRs.
- Mounts in a standard computer PCI slot.
- Works with full-motion CCTV cameras up to 2,000' (610 meters) away via passive video baluns.
- Works in conjunction with SECO-LARM (and other-brand) passive video baluns.
- Feeds the camera signals to nearly any standard DVR via coax cables (6" BNC patch cables included).
- Video card is passive - no power required.

U.S.A. and International Patents Pending.

EVT-PC4P-JTQ Features:

- 4-Port Power Distribution Card.
- Easily connects to EVT-PC4-VT2Q for simple power distribution.
- Includes SECO-LARM ST-UV12-S4.0Q 4 Amp, 12VDC Power Adapter.
- Tri-Color LED indicates polarity and power.
- Removable terminal blocks for easy installation.

(High-Resolution Photos Available)

This new balun hub is just part of a full line of SECO-LARM CCTV, RF Wireless, security, and access control products available worldwide for securing the interior and exterior of commercial, industrial, residential, and institutional sites.
