New Long-Range IR Day/Night Weatherproof Bullet Camera with 24 LEDs - Now Available

SECO-LARM is now shipping the EV-1323C12DWL (color) IR Day/Night Weatherproof Bullet Camera with an extended range of up to 80 feet.

SECO-LARM offers a new long range IR day/night camera with 24 IR LEDs. This camera is for use in various lighting conditions. Made of die-cast aluminum with a unique weatherproof (IP67) design with sunscreen, it is designed for indoor & outdoor applications requiring long-distance IR illumination up to 80'. An adjustable bracket for wall and ceiling mount allows for fast, easy installations.

The EV-1323C12DWL uses the Sony 1/3" CCD chip for outstanding color and a clear picture with 420 TV lines at a very low lux (0.1 lux, LEDs off – 0 lux, LEDs on). Additionally, the camera uses a 6.0mm lens and incorporates automatic backlight compensation, automatic white balance and automatic gain control.

SECO-LARM also offers the EV-1323C12DW, which is similar to the EV-1323C12DWL, but uses 12 LEDs and a 4.3mm lens for a 40 ft. IR-illuminated range. A black and white version, the EV-1323B12DW, is also available.

For more information, contact SECO-LARM today.

The EV-1323C12DWL is just one of SECO-LARM's wide selection of products for the security and electronics industries. For more information about the EV-1323C12DWL or any of SECO-LARM's full line of residential and commercial security systems and accessories, or to request our latest catalog, please contact the SECO-LARM Sales Department, (949) 261-2999 (California), fax (949) 261-7326, or (800) 662-0800, or visit us on the Web at seco-larm.com.
