SECO-LARM'S New IR Day/Night Cameras Now Available

IRVINE, CALIF., October 12, 2004 - SECO-LARM U.S.A, Inc. is now shipping the EV-1323C12DW (color) and EV-1323B12DW (black and white) IR Day/Night Cameras.

The new EV-1323C12DW color camera uses the Sony 1/3" CCD chip for outstanding color, while the EV-1323B12DW black and white camera uses the Samsung 1/3" CCD chip. Both cameras provide a clear picture with 420 TV lines at a very low lux (0.1 lux, LEDs off – 0 lux, LEDs on).

The new IR Day/Night cameras include 12 IR LEDs for great low-light performance. They are built into a rugged die-cast aluminum case with a unique weatherproof (IP67) design and sunscreen for indoor or outdoor use. An adjustable bracket for wall and ceiling mount allows for fast, easy installations. Additionally, both cameras incorporate automatic backlight compensation, automatic white balance and automatic gain control.

These new IR day/night cameras are just two of many products for the CCTV industry which SECO-LARM offers. Other CCTV products available from SECO-LARM include medium and hi-res color and black and white cameras, dome cameras, bullet cameras, power panel boxes, power distribution modules, video baluns, power connector cords, and much more.

The EV-1323C12DW and EV-1323B12DW are just two of SECO-LARM's wide selection of products for the security and electronics industries. For more information about the EV-1323C12DW and EV-1323B12DW or any of SECO-LARM's full line of residential and commercial security systems and accessories, or to request our latest catalog, please contact the SECO-LARM Sales Department, (949) 261-2999 (California), fax (949) 261-7326, or (800) 662-0800, or visit us on the Web at seco-larm.com.
