SECO-LARM Introduces a New UL-Approved Power Supplies for CCTV Cameras and Accessories

IRVINE, CALIF., March 2, 2006 - SECO-LARM introduces the latest in its line of video cameras and accessories: UL-approved AC and DC power supplies.

ENFORCER CCTV power supplies centralize the power sources for multiple CCTV cameras and/or CCTV accessories. The power inputs, power transformers, DC converters, and all fused power outputs are enclosed in one heavy-duty, easy-to-install enclosure. As a result, an ENFORCER CCTV power supply can replace up to sixteen individual power sources.

The DC outputs are output-voltage adjustable with a potentiometer to compensate for voltage drop (12.0~15.1VDC). All outputs are individually fused with resettable Positive Temperature Coefficient (PTC)-type output fuses rated for 1.1 Amps @ 250VAC, and have individual red LED status indicators.

Separate main power switches turn on/off power to all outputs. The UL-approved power transformer uses 120VAC @ 60Hz. A spare fuse and a 6-foot power cord are included.

The cases are made of heavy-duty steel to protect the power connections, with a removable steel cover for easy access, ventilation holes to prevent heat build-up, and a grounded AC terminal block for easy connection from the transformer to the 6-foot power cord.

EVP-1SD2P4UL

(4 Outputs @ 12VDC, 2 Amps*)

EVP-1SD4P9UL

(9 Outputs @ 12VDC, 4 Amps*)

EVP-1SD6P16UL

(16 Outputs @ 12VDC, 6 Amps*)

EVP-1SA4P4UL

(4 outputs @ 24VAC, 4 Amps*)

EVP-1SA4P9UL

(9 outputs @ 24VAC, 4 Amps*)

EVP-1SA8P16UL

(16 outputs @ 24VAC, 8 Amps*)

*Total supply current, each channel output is fused at 1.1 Amp.
