SECO-LARM Emergency and Push-To-Exit N.O./N.C. Button Now Available

IRVINE, CALIF., January 11, 2006 - SECO-LARM U.S.A, Inc. is now shipping a new Emergency and Push-To-Exit Button. This attractive N.O./N.C. button simplifies choices for installers by means of improved versatility.

The new SS-075C-PE Exit Button is the quick, low-cost, solution to either emergency or non-emergency exit control. Three labels come with each button allowing the installer to permanently alter the message to read "EMERGENCY" in red, or "PUSH TO EXIT" or "PRESIONE PARA SALIR" in green.

The 3-inch by 15/16-inch exit button also features a selectable N.O. or N.C. contact, rated 1.0 Amp at 12VDC. Recessed screw terminals make for an easy but secure mounting. The button color is white, with silver labels.

SECO-LARM also continues to offer the SS-075 N.O. (Push to Close) emergency button, which is very similar in appearance to the new SS-075C-PE.

The SS-075C-PE Exit Button is just one of SECO-LARM's wide selection of access control products and accessories for the security and electronics industries. For more information about the Exit Button or any of SECO-LARM's full line of CCTV, RF, residential, and commercial security systems and accessories, or to request the latest catalog, please contact the SECO-LARM Sales Department (949) 261-2999 (California), fax (949) 261-7326 or (800) 662-0800, or visit the company on the Web at seco-larm.com.
