

## **HDMI Extender over Two Wires**

MVE-AH1T1-01YQ

The *ENFORCER* HDMI Extender over Two Wires allows the broadcast of HDMI-quality video (including streaming video) of up to 1080p at ranges of nearly 1,000ft (over 300m) with zero signal loss, all with only two wires of any type. Since a single transmitter can transmit to up to four receivers, use the HDMI extender for a wide range of security, training, and entertainment applications. It is an easy to install, economical solution to a wide range of video needs.
